C.	Equity as per Ind AS		<b>111,256.06</b>	<b>108,558.04</b>

**(I) Fair valuation of Investments:**

Under the previous GAAP, long-term investments were measured at cost less diminution in value which is other than temporary. Under Ind AS, financial assets that have been classified at FVTOCI or FVTPL on the date of transition are measured at fair value and resultant gain or loss is recognised in other comprehensive income or the statement of profit and loss (as applicable).

Under the previous GAAP, current investments were measured at lower of cost or fair value. Under Ind AS, these investments are classified as FVTPL on the date of transition and measure at their fair value and the resultant gain or loss is recognised in the statement of profit and loss.

**(II) Preference Share Capital:**

Under the previous GAAP, non-cumulative redeemable preference shares were classified as a part of total equity. Dividends paid on these preference shares were adjusted against retained earnings and not recognised as finance cost. Under Ind AS, financial instruments are classified as liability or equity according to the substance of the contractual arrangement and not its legal form. These preference shares do not contain any equity component and hence have been classified in their entirety as a financial liability. The resultant dividends have been recognised as finance costs in the statement of profit and loss.

**(III) Derivative Financial Instruments:**

Under the previous GAAP, only fair value loss on derivative financial instrument was recognised. Under Ind AS, derivative financial instruments (which are not designated in a hedge relationship) are fair value and resultant gain or loss is recognised in the statement of profit and loss.

**(IV) Employee Benefits:**

Under the previous GAAP, actuarial gains and losses on defined benefit liabilities were recognised in the statement of profit and loss. Under Ind AS, the actuarial gains and losses form part of re-measurement of net defined benefit liability which is recognised in other comprehensive income.

**(V) Financial Guarantee Contracts:**

Under the previous GAAP, financial guarantees given by the Company for its subsidiary are only disclosed as contingent liabilities. Under Ind AS, financial guarantee contracts have been designated at FVTPL and are accounted as financial liabilities and measured at fair value.

**(VI) Dividend including dividend tax:**

Under previous GAAP, dividends on equity shares recommended by the Board of directors after the end of the reporting period but before the financial statements were approved for issue were recognised in the financial statements as a liability. Under Ind AS, such dividends are recognised when declared by the members in a general meeting.

**(VII) Deferred Tax:**

The impact of transition adjustments for computation of deferred tax has resulted in change to the Reserves, on the date of transition, with consequential impact on the Statement of Profit and Loss / Other Comprehensive Income for the subsequent periods.
